

# Teaching Schedule

## Semester Plan

The following is only a *provisional* schedule. Timings and content may be adjusted as we go. The cryptography topics will be updated closer to the time.

Weeks	Topic	
1	Set Theory	
2	Probability and Statistics	
3	Modular Arithmetic	
4	Classical Ciphers I	
5	Classical Ciphers II	
6	DES	
7	AES	
8	RSA I	
9	RSA II	
10	-	
11	-	
12	Coursework and Revision
